REFUSE TOWER JOB

Why Union Labor Pays was answered at the meeting of the city council last night. Contractor Murdock, a non-union structural contractor of Oakland was recently allowed the contract for the erection of a steel bell tower at Ninteenth and Barrett. The tower was found not to be up to specifications, and the council refused to accept the job.

"I would not allow my men to climb the tower," said Fire Chief Lemoin, "the tower is dangerous."

Councilman William Lane declared that the tower was a menace and stated that it could be twisted like wire.

The matter was brought to the attention of the council last week by the Daily News.

VOTE DOWN CARNIVAL PETITION

Curtis and Stearns, proprietors of a carnival companw made application to the council last night for a permit to conduct a carnival on Macdonald avenue between Ninth and Eleventh street. The proposition was voted down unanimously. The carnival proprietors offered the city $25 a day for the privilage of operating 20 concessions, whereas the city charter demands a license of $5 a concession. These carnival companies are one of the great evils of a city, drawing many thousands of dollars away and the action of the council in voting down the proposition is to be commended.

REALLY WANT TO ENJOY CHRISTMAS? DEMAND UNION LABEL GOODS

Here is an opportunity for every resident of Richmond to really enjoy Christmas.

The sugegstion is this:

DEMAND THE UNION LABEL ON EVERY CHRISTMAS PRESENT PURCHASED.

That is what the local Union Label League asks as a favor of the people of Richmond and Contra Costa county.

Remember this: The union label signifies and gives positive proof, that the material is the best; that it is made by men and women receiving a living wage and that it is a positive guarantee against disease.

It is the duty of every union man and woman in doing their Christmas shoping to demand the label.

A majority of the merchants carry the label, and they have discovered that it means more business Now let every union man and woman of the city of Richmond and the county of Contra Costa prove this to the merchant. Show him that the label represents something more than a mere mark.

Show him that you apreciate his action in getting goods with the union label. If he doesn't already carry the union label articles, inquiries will soon convince him that he is making a mistake.

To really enjoy Christmas, it is necessary to know that you are doing what little you can to help your fellow man. Here is the big opportunity. It not only strengthens the cause of unionism but it insures the best.

This is not altogether for union men and women. It is for every one who possesses any desire to aid the cause of mankind. Do you realize that for one instant, Mr. and Mrs. Reader that you would enjoy your Christmas, did you know that presents you bought and received were made by underpaid girls and men working under the most deplorable conditions? Do you not know that disease lurks wherever conditions are unhealthy and unsanitary? Of course you do.

Protect yourself and enjoy your Christmas. You can do it by demanding the label.

Tomorrow night, Mrs. R. H. Cunningham and Mrs. T. Q. Carmen acting as special committee from the local label league will meet with the Central Labor council and a plea will be made to all union men and women and sympathizers, asking that they demand the label.

Just consider this matter.

Get the habit of DEMANDING THE UNION LABEL.

Perhaps mother is just a bit dubious on what kind of a book she wants to give little Johnny for a Christmas present. And then again Dad, who usually confines his reading ability to the sporting page, is on the verge of nervous prostration trying to figure out an appropriate book for "the kid."

But cheer up.

Miss Dela Wilsey, public librarian will solve the problem.

Collections of all children's books are being segregated and will be placed on exhibition the latter part of the week. Sugestions will be made by the library attaches to the best literature for children: prices, etc.

The collection will take in practically every book published for children.

DENIES SHE FAILED TO SECURE DECREE

Mrs. Eva J. Collins Schach, wife of F. G. Schack of this city yesterday denied that she had not received a divorce from her husband before marrying Schach. Schach has started suit after the annulment of the marriage, on the grounds that his wife had failed to secure a divorce. According to Mrs. Schach she received her interlocutory decree of divorce, fifteen months before her marriage of Schach.

"My attorney overlooked securing the final decree at the end of the year," said Mrs. Schach, "and I had forgotten all about the matter until served with a subpoena to appear to answer the suit."

CITY TO PROTEST STATE'S DECISION

"This is working a hardship upon the city and hindering Richmond's growth," declared councilman Lane when a communication was received from the Railroad commission stating that the commission would not grant the opening of Third Fifth and Eighth streets without certain concessions. The commission announced that they would consider the opening of Fourth street if Sixth street was improved and that the opening of Eighth street would have to wait until the population demanded the street's opening.

Upon Lane's motion city attorney Hall was instructed to draw up a resolution protesting against "the development of the city."

WOULD HAVE MARSHALL ANSWER PHONE CALLS

A communication from the Merchant's Association signed by Secretary Forwick, protesting against City Tax Collector Marshall's action in refusing to answer telephone calls was received. The association declared that as a public official it was Marshall's duty to take telephone messages.

Marshall following the meeting said: "This would be almost impossible. To answer all of the telephone calls would necessitate the employing a new girl, who would not be acquainted with methods of the office and would cause me unnecessary trouble and loss of a great deal of time."

Marshall further stated that although the law did require the issuing of notices that his office had sent out 8,000 notices.

Of the taxes 70 per cent have been collected.

NO FUNDS FOR APPARATUS FOR FIRE HOUSE, SAID

A discussion of the proposition of establishing a fire house in the annexed district was held by the council last night Councilman Ludewig favored a location near Stege. According to the council funds were not available for the purchase of fire apparatus, making it useless to establish a fire house.

Councilman Picton declared that as the annexed district had disbanded their volunteer fire department, it was only fair that some fire protection should be given.

The matter was referred to the fire committee, consisting of Ludewig Picton and Fornald.

HIGH WAGES PAYS

What of the price we pay for cheap labor and long hours? An answer can be found, says the Bakersfield "Echo," if diligently searched for, in a series of incidents taking place in Fresno, the climax being reached a day or two ago.

One, Eugene Molman committed suicide, his three children, a son and two daughters, having been arrested for dissipation. The are at a detention home and they will probably become dependent upon the public. Some years ago, Holman obtained a divorce from his wife and was given custody of the children.

Here we have a dead man; 3 wilful, uncontrollable children to be raised on charity, and a wife who was divorced. For so tragic a disruption of a family, there must have been a powerful cause. Is it there?

"Holman has had an unfortunate life," said his employer. "He was separated from his wife n years ago. He obtained the custody of the children and has earnestly tried to bring them up properly. He worked in the mill from 5 o'clock in the morning until 11 at night, and, of course, had little opportunity to know what they were doing."

Organized society got Holman's services from 5 in the morning to 11 at night, at what price?

Three children adrift, an erring woman, and a dead man. Rather high wages to pay, that.

When several years ago, 147 girls were burned to death in a shirtwaist factory in New York BECAUSE A DOOR WAS LOCKED, we all shook our heads and said: "It can't happen again. We've learned a lesson. It won't happen again."

Well, gentle reader it did happen again. Here is the evidence:

BEHIND A DOOR TWELVE PERSONS DIED—BECAUSE THAT DOOR WAS BOLTED.

Eight girls, humble employes of the Diamond Candy Co., in Brooklyn, four men, honest and capable husbands and fathers, sacrificed on the altar of human carelessness and human greed!

Above that door was the fourth floor of the factory, flue-trap—a roaring furnace of death.

Below that door was the avenue to safety through which the twelve workers could have fled.

On that door was the cruel steel lock that kept them in a flaming hell.

Oh, well—"it won't happen again!"

It is easy to check infant mortality—raise the wages of fathers, was the advice of Sherman C. Kingsley of Chicago before the American Association for the Study and Prevention of Infant Morality. While other speakers advanced various theories, the Chicago man submitted this thought: "It is a fundamental truth it is unless to tell a poor mother how to give baby proper care and food until industrial conditions are such that the child's father can earn a living wage. Life and health are purchasable for the baby as for communities in general. Figures show that babies whose families live in one room have less than half the chance of those who live in four, and that the infant whose father receives less than $10 a week has about half the chance of the one whose father earns twice that sum."

PEACE

By George Matthew Adams

If you would look in to the face of a strong man, search out him who is at Peace with himself. For it is during the time of Peace, both in the life of an individual and a Nation, that the growth and power accumulate.

Live in Peace.

Peace is always constructive. For where there is mutual cooperation between every one of your faculties, there is team work. And team work means from your combined efforts, that you get the biggest results from your combined eforts.

Live in Peace.

Live in Peace with all about you. Where there is no Peace there is no happiness and no time for taking up the things that count for the most. We are greatly influenced and inspired by the lives of people with whom we come in contact most. And if there is continual Peace among all there is sure to be continual helpfulness among all.

Live in Peace.

Keep your mind in Peace. For the Mind houses the "Headquarters Staff" from which all the important orders in the game of life proceed. Peace originates in the Mind. Let Peace rule your great Nervous System. Let Peace guide your day. For out from its application come power and Plenty.

Live in Peace.

The union label will be a much greater factor in improving conditions for the workers if you demand it on all your purchases. During the Christmas season especially you can help to bring about improvements in this simple and easy manner. Are you interested enough in humanity to do so?

VALLEJO PLANNING TO ENTER BASEBALL WORLD

From all indications, Vallejo will blossom forth with a baseball club next season. Vallejo has been among the departed as far as baseball is concerned for the past four years and some of the live wires of the town are thinking seriously of getting the grand old game back into action.

The Vallejo fans have seen the wonderful results obtained by Richmond, both in advertising and in keeping the kale at home, and as a result want to show the people in general that the town has something besides a mayor and a navy yard to boast about.

The citizens of the town are collecting quite a sack of the stuff that jingles and it is proposed to erect a park on a block of land near the center of the town.

Vallejo could not make a better move. The advertising the town would get would more than pay for the coin invested. The place has a bunch of live wire fans and the club should draw a large patronage from the city which is one of the livest sporting centers in the state.

MAZDA

True Lighting Economy
Demands Good Electric Lamps

ELECTRIC LIGHTING BILLS are always higher in the Fall and Winter than during the Spring and Summer months.

EVERYONE KNOWS WHY—they realize that the hours of darkness increase greatly as winter approaches—understand how the short, cloudy days make a great deal of artifical lighting necessary in home, store and factory.

The greatest help toward keeping lighting bills where they ought to be consists of using Mazda lamps.

Most people interested in getting the best illumination at smallest expense already use Mazda lamps.

TRY THEM OUT IF YOU HAVE NOT ALREADY DONE SO.

FUNERAL WILL BE HELD TODAY

Rev. Henry Sanborne of the First Presbytarian church will officiate at the funeral services of Mrs. Bertha Issacson, wife of Samuel Issacson, a civil engineer in the employ of the county, at Stege which are to be held this afternoon at the family home, 3800 Potrero avenue.

Mrs. Issacson was 42 years of age and had been sick but a few days.

She is survived by a husband and two daughters.

Undertaker A. A. Barber is handling arrangements for the funeral.

REGENT THEATER

Think of six reels of comedy! The kind that brings a laugh a picture. That's the program Manager Dobyson of the Regent theatre has on tap for this evening. The picture is entitled "The Blue Mouse" and during the six reels that it is run, it just simply oozes comedy.

Madge Lessing is in the leading role. The comedy is not of the bing and slam type, but the sort that appeals to public. It's just one of a large number that the popular playhouse will show. Two other good pictures complete the bill.

HI NOTES

Another night of excitement is scheduled for the High School gymnasium next Friday night, when the local institution of learning will tangle with the Haywards High school team in a game of basketball.

Both the boys and the girls will have a chance to show how good they are. The boys will fight harder for this game than for any previous game this year, as it is the first game of the season in the C. A. C. A. A. League and the team that wins the first game has the best chances to grab the pennant.

The girl's game is not a league game, but they will try just as hard to land a victory as if they were fighting for the champion ship of the world. The girl's team has lost only one game in the last three seasons, and it is expected that they will continue their rapid progress to the hall of fame by wining the coming game.

AT THE RICHMOND

In the production of the Vitigraph Super-Feature, "The Chalice of Courage," showing today at the Richmond theater the scenes that Cyrus Townsend Brady wrote into the story required a full year for completion on the film. Rollin S. Sturgeon, under whose direction the "Chalice of Courage" was produced began the story in the late spring and continued a number of the scenes during the camping season. The late Autumn was required for the first snow fall, where William Duncan as Newbold carried Myrtle Gonzalez, the heroine, to his cabin in the mountain that later was isolated by the virgin snow that hemmed the two in through the long mountain Winter. The Spring with the heavy rains that melted the snows, causing streams to become mountain torrents, was when Miss Gonzalez accomplished her fall from the cliff and was rescued miles away in one of the swiftest running streams in the Rocky mountains.

A pleasing Thanhouser drama entitled "Reincarnation" and a laugh producing comedy by George Ovey "Jerry's Busy Day" will also be shown.
